### PARK COMMISSIONERS IN IT?

Comptroller Fitch Refused to Pay  
Certain Bills of the Sicilian  
Asphalt Company.

The sum of one million dollars was appropriated last February to provide work in the parks of this city for the unemployed workmen, then unusually numerous. Connected with the expenditure of this sum, under the direction of the Park Board, there has been more or less scandal and much open ex-pressed dissatisfaction on the part of labor organizations and other associations directly interested in the expenditure of the money.

It has been alleged that a great part of the money was expended for asphalt and other materials, to the profit of corporations in which a member or members of the Park Board had a more or less direct interest, and that comparatively little of the money was expended for the benefit of the unemployed workmen.

The Central Labor Union, which has been active in the matter, and which has been successful in its efforts to get the money expended for the benefit of the unemployed workmen, has been successful in its efforts to get the money expended for the benefit of the unemployed workmen.

It is in fact for the Comptroller's office to say that these accounts were entirely correct and free to the representatives of the "Evening World" and that the construction was out in the way of copies being made.

In addition to the payments which are shown by these accounts, there are bills aggregating now over \$50,000, chiefly of the Sicilian Asphalt Company, which the Comptroller refuses to pay, on the ground that they were illegally incurred.

There is the law which provided the money for the Park Board to spend: CHAPTER 11, LAWS OF 1914.

An act to amend the laws of 1914, in relation to the expenditure of the money appropriated for the purpose of providing work for the unemployed workmen in the parks of this city.

Section 1. The Department of Public Parks in the city of New York is hereby authorized to expend the money appropriated for the purpose of providing work for the unemployed workmen in the parks of this city.

Section 2. For the purpose of the act to amend the laws of 1914, in relation to the expenditure of the money appropriated for the purpose of providing work for the unemployed workmen in the parks of this city.

Section 3. This act shall take effect immediately.

Consul Warns the United States to Prohibit Its Importation.  
(By Associated Press.)  
WASHINGTON, Nov. 12.—United States Consul E. K. Ford, at Kingston, Jamaica, has written to the State Department, warning that the mongoose, which has been introduced from India into Jamaica to destroy the rats which infest the sugar and coffee plantations.

They did their work so well and increased so rapidly that their natural food supply was exhausted and they began to prey upon all living creatures. All of the ground birds were killed, and all snakes, lizards and lizards, crabs, while calves, young pigs, puppies, game, turtles and all other creatures, which were introduced from India into Jamaica to destroy the rats which infest the sugar and coffee plantations.

As a result of the destruction of these small creatures all insects multiplied amazingly, and the mongoose became a pest at some seasons, and the people of Jamaica now want to exterminate the mongoose.
